

Summer Fun with Reflex! 3 Steps for Success

Help your students avoid the “summer slide” and encourage them to use their Reflex account over the summer! With the end of the year fast approaching, here are three steps you can take to prepare your students for continued success throughout the summer and better prepare them for next year.

Ensure all Students know their Student Login Information

- Confirm that all students are assigned/enrolled in a Reflex class.
*If you haven't created a class, students cannot access Reflex.
- Ensure that all students know their **Username/Password** or Print the *Student Login Cards* in Reflex by selecting the **Class Management** tab, then selecting **Print** below class list.
- Remind students to work in the program until they **Get the Green Light!**

Print and distribute the Reflex Parent Summer Letter (attached)

- This letter provides parents/guardians with an overview of the Reflex program and invites them to create a free Reflex Parent Account to monitor their child's math fact fluency progress.

Encourage the District Reflex Summer Math Challenge (attached)

- Just 3-4 green light days a week will help students make progress, gain confidence, and build math fact fluency...without burning out.
- No special registration necessary to participate. Just Great Prizes & Lots of Fun!

Have a wonderful summer!

If you have any questions about your Reflex account, contact **Maira Maguire**, via email mmaguire@explorelarning.com or by phone at **305.978.3159**

Summer Fun with Reflex!

Dear Parents/Guardians,

Help your child avoid the “summer slide” and encourage them to use their Reflex account this summer! Reflex is an online, game-based program that helps students build fast and effortless recall of math facts. Research has shown that quick recall of math facts is critical for future success in mathematics.

- Students are encouraged to login to **Reflex** math through their student portal at least 3 times a week and strive for the “**green light**” each time.
- Your child can utilize the **Reflex** math program from any device with internet access throughout the summer.
- **Reflex** helps students of all ability levels to develop fluency with their basic facts in addition, subtraction, multiplication and division.
- **Reflex** continuously monitors your child’s performance to create an optimal experience for them.
- Parents can easily monitor their child’s progress by creating a *Free Reflex Parent Account*. Use the instructions on the right to Create your Parent Account.

Create a Free Parent Account

To set up an account, you will need your child’s Reflex login information: (teacher’s Reflex Username, the name of the Reflex Class, and your child’s Reflex Password).

1. Go to reflexmath.com/parent
2. Follow The onscreen instructions to create your free account
3. Go to www.reflexmath.com/reports
4. Once you are logged, follow the instructions to add your child.
5. Once registered, launch the parent account at www.reflexmath.com/reports to log into your new account. Enter your Username (your email address) and Password and click Submit.

Please Note-Students do not need to register to participate in the *2019 Reflex Math Summer Challenge
