Goebel Media Center Meeting ID: 423 178 0165 Passcode: music	4-5PM Band Live & Zoom			4-5PM Band Live & Zoom			

Due to the pandemic and loss of learning in each grade level for each student, all students need tutoring.

Please encourage EVERY child to participate in the numerous opportunities to recapture and review tested benchmarks that ALL students will be tested on in the Spring. There is no excuse for students not to attend tutoring. We have before, after, and Saturday tutoring opportunities available FREE of charge. This means that teachers are dedicating their time to help so students need to take full advantage of this and wake up earlier, stay later, and participate on Saturdays. Students who are attending via zoom need to use the meeting ID code found on the left under each teacher's name. Any questions, please see the teacher or ask an administrator.

Some students in grade 6 take 7th grade math. Please attend one of those sessions if applicable. Thank you
